

Central Okanagan Naturalists Club

Policy regarding Liability issues.

The Central Okanagan Naturalists' Club requires that all individuals participating in Club sponsored activities have signed a waiver form absolving the Club, its executive members and activity leaders, of any liability that might arise out of this activity.

Members of the Club must sign a waiver form at the time of applying for membership, and thereafter annually when renewing the membership.

When participating in a Club sponsored activity all participants (members as well as non-members) will be asked by the leader of the activity to sign a waiver form. This form must be signed prior to the start of the activity, as a condition for participation.

Non members can only participate a total of two times in activities. Non members must take out a membership if they wish to continue to participate after that.

Waiver forms are available from activity coordinators and from executive members.

Activity leaders are requested to return the completed waiver forms to their activity coordinators, any member of the executive, or to the "Second Thyme Around" store.

The Club will only sponsor activities that are open to all the Club members. The following is a list of activities that are sponsored by the Central Okanagan Naturalists' Club:

- Friday botany outings
- Thursday birding outings
- Monthly "birding with Bill" outings
- Hiking trips as specified in the hiking schedules listed in the April newsletter. This includes the summer hiking trips specified in that schedule.
- Any other activity that may be designated as a club activity by the executive.
